Best ever coconut milk hot chocolate

This recipe is a favourite from our Havelock North store. Our drinking chocolate is fair trade, organic, award-winning, gluten free and dairy free. Made in New Zealand with golden granulated sugar from Paraguay and cooperatively farmed cocoa from the Dominican Republic and Peru, it's better for you, for farmers and for the environment. Serves two.

Ingredients:

- 5 tsp Drinking chocolate*
- ½ tsp Cinnamon*
- ¼ tsp Ground ginger*
- 2 cups Coconut milk* (or other milk alternative)

Method:

1. Combine dry ingredients
2. Gently heat coconut milk
3. Thoroughly mix dry ingredients to heated milk and serve

Tip:

You can make this with any milk or milk alternative of your choice. Add grated chocolate and/or whipped cream to serve for an extra special hot chocolate.
