

## **Trade Aid New Zealand, Inc. (TANZ) Environmental Policy 2022**

### **The Trade Aid Shop Trusts are committed to actively working to achieve the following:**

- 1) Protecting the environment and preventing pollution related to its activities (including that created by its trading partners and customers), and
- 2) Complying with all applicable NZ Health, Safety and Environmental legislation, and
- 3) Continually improving our performance relating to the above.
- 4) Adhering to the Trade Aid New Zealand Inc. Environmental Policy

### **Our method to achieve the desired outcomes is:**

- Regularly (at a minimum annually) assess our activities and their effects upon the environment in a systematic and logical fashion.
- Identify the actions we need to take to address each effect.
- Set targets based on the actions we need to take.
- Monitor (normally monthly) our progress on each target

### **The key points of its strategy to achieve this are:**

- Minimise waste by evaluating operations and ensuring they are as efficient as possible.
- Where possible reduce environmental impact at all stages of our supply chain
- Educate and encourage staff and volunteers awareness of our environmental impacts
- Support the promotion of product ranges from our trading partners which minimise the environmental impact of both production and distribution.
- Encourage customers and consumers to employ sustainable methods of disposal of our packaging
- Meet or exceed all the environmental legislation that relates to the Company.
